

It is my pleasure to announce that The Rochester Region of Associated Builders and Contractors has become a team for the Flower City Habitat for Humanity's Women Build. This summer FCHH will build an all women-built and funded home for a deserving, low-income family in Rochester, NY.

This decent, affordable home will be certified by the National Association of Home Builders and is FCHH's second green build. Your donation will help us break ground this May. Any amount is appreciated – the minimum is just \$10!

Women Build was established by Habitat for Humanity International to encourage the involvement of women in the construction of Habitat homes. Crews of women volunteers have already built more than 1,000 Habitat for Humanity homes within the United States, and they are now building in more than a dozen other countries.

While we have a lot of support, we still have a way to go toward reaching our \$79,000 goal. We hope that you will consider supporting the Women Build project as well.

To support this cause please go to [www.rochabitat.org](http://www.rochabitat.org). Click on “Donate Now”, enter your donation amount and REMEMBER TO SELECT ASSOCIATED BUILDERS AND CONTRACTORS FOR YOUR TEAM! The most fun – build your house and you are done. Your donation will be confirmed by PayPal, a secure payment site. If you have any questions please contact Marci Miller at 585 315 9840 or via e-mail at [miller@abcnys.org](mailto:miller@abcnys.org)! Thank you in advance for your support; if your company would prefer to donate materials please contact me direct to arrange.

Sincerely,

Marci Miller
